

Dear International Seminar Participant,

Here is more information about our **next** session:

Tuesday, February 27, 2018
Gregory Forum, Clackamas Community College
7:40 AM – 2:40 PM

Your research assignment is due the same day. Please **complete** it and **bring** it with you!

As you complete your research in preparation for the Conference, please review these criteria:

- **The purpose of the research is to prepare you to discuss and vote upon the agenda issues from the point of view of your country.**
- With this in mind, the **critical pieces** of your preparation include the **Opening Speeches**, in which you will present your country or territory's positions and arguments, and **supporting evidence** from your research in preparation for discussion. Know your subject matter well!
- Since the success of the Conference depends upon **everyone's ability to discuss the agenda issues**, your research efforts and documentation should **support** this. If you need to locate additional information that was not included in the guidelines, find it and document it.
- **Be prepared, be authentic (own words, own thoughts), and be relevant.**

Please contact Ms. Pitt (Room D110, text via Remind, or sharon.pittenger@orecity.k12.or.us) **as soon as** you have any **questions** or a **problem arises**.

Reminder – bring the following:

- **Completed** research assignment (notebook with **opening speeches** [including Works Cited if needed], any additional relevant information/documentation, and annotated bibliography)
- Snacks and beverages
- Lunch or lunch money (lunch may be purchased at the Cougar Café)

See you at the Unity Conference ☺
Ms. Pittenger
